

EMN SWEDISH PRESIDENCY CONFERENCE

Displacement and migration related to disasters, climate change and environmental degradation

11-12 May 2023

Münchenbryggeriet, Stockholm, Sweden

Draft Agenda, version 2023-04-13

1. RATIONALE AND AIMS

The links between climate change, environmental disasters and displacement and migration are complex. For the time being, most climate-related displacement seems to take place within countries, however, in the long run, cross-border movements over greater distances are likely to occur.

The EMN Swedish Presidency Conference aims to explore the potential impact of climate change on global migration patterns and migration to the EMN Member (EU Member States except Denmark) and Observer Countries (NO, GE, MD, UA, ME, AM, RS). It also aims at discussing what the EMN Member and Observer Countries are currently doing in this context and what could be done in the future to address the challenges and impacts.

How can we better understand the interplay between displacement and migration? What is the state of play and what is the future outlook? What are the short-term and long-term consequences of climate change on displacement and migration? How can we ensure a better connection between the different policy areas, and what policy and practical measures are necessary to meet the challenges?

To address the above questions, the Conference will bring together a broad range of international experts on climate change and migration, from different fields including research, policymaking and policy implementation. During the Conference, speakers will reflect upon policy and practical measures already in place and future challenges. The Conference will explore new strategies and policies to meet these challenges of climate-related displacement and migration and look at some of the possible impacts on the labour markets and economic migration.

The results of the joint EMN-OEDC inform "Displacement and migration related to disasters, climate change and environmental degradation" carried out in 2022, will be presented in the context of the conference.

2. PRACTICAL INFORMATION

The Conference is organised in connection to the Swedish Presidency of the Council of the EU and will take place in Stockholm, Sweden on 11-12 of May 2023.

The Conference will be a 1,5-day event and participants will be able to attend in person, on invitation and upon registration.

The event will gather EMN National Contact Points, EMN Steering Board Members, policy makers from EMN Member and Observer Countries as well as with other countries, EU agencies, NGOs, international organisations and academia. Participants will be expected to interact, share knowledge and experiences.

FORMAT AND REGISTRATION

The event is in-person, with the possibility to join an online streaming.

Venue: Münchenbryggeriet, Söder Mälarstrand 29, 7th floor, 118 25 STOCKHOLM, Sweden

Date and time: 11 May 2023 from 9:00 to 16:00 and 12 May 2023 from 9:00 to 14:00

Language: English

To attend in person, please [register here](#) by **20 April 2023**. Please note that there is no automatic confirmation of your registration through the link. **A confirmation will be sent within a week from your registration.** Seats are assigned on a first-come first-served basis.

Online streaming: the link will be made available closer to the date.

ACCOMMODATION AND TRAVEL ARRANGEMENTS

Please note that participants are requested to make their own travel and hotel arrangements.

The event organisers recommend the following hotels for accommodation:

- **Courtyard by Marriott**, Rålambshovsvägen 50, Kungsholmen Stockholm
- **Hotel Rival**, Mariatorget 3, 118 48 Stockholm
- **First Hotel Kungsbron**, Västra Järnvägsgatan 17, 111 64 Stockholm
