BIO

I am a first-year PhD candidate in Management, Innovation, Sustainability, and Healthcare at Scuola Superiore Sant'Anna in Pisa (Italy). Since June 2022, I have been working in the field of Health Policy at the Management and Healthcare Laboratory (MeS). My research focuses on the governance tools that can support the effective integration of nursing home and home-care services in the management and decision-making processes. My fields of interest include health policy, long-term care, nursing home services, home care services, and collaborative governance.
