## Professional Profile

---

Margherita Giannoni is a PhD Graduate specialising in health economics research on equity in health and health care and on measuring the health inequalities of fragile groups such as migrants.

She is currently an Associate Professor at the University of Perugia (Italy) and has held previous academic appointments as a Technical Researcher and Adjunct Professor. She has completed both a PhD and Masters in Economics and has produced several publications inclusive of recent publications on Migrant integration policies and health inequalities in Europe and the Migrant Integration Policy Index (MIPEX) for Health Care in Italy. She has undertaken various research projects as a Scientific Coordinator and holds memberships with the International Health Economics Association (IHEA), the Italian Society of Public Economics (SIEP), the Italian Health Economics Associations (AIES) and the European Health Policy Group (EHPG)
