As stated by The Italian Minister of Domestic affairs, stay permits will remain valid until 31 August 2020: their renewal should be requested after this date. (art. 103 comma 2-quater) L. 27/2020.

Taking into account that one can enter in Italy only a short list of proven motivations, those who are abroad and have their stay permits expired do not have to ask for a re-entry visa but they are strongly suggested to take direct flights to Italy.

Immigration documents releases are blocked and the Questura of Pisa is contacting people who should have their fingerprints appointment in March, April and May by sms, postponing their date.

Those who have not received messages regarding this information can find the new date of appointment visiting the web site Portale Immigrazione’: www.portaleimmigrazione.it: in the bottom of the page on the left you have to go through the ‘Area riservata stranieri’, then insert in the field Nome Utente [U] and Password [P] the numbers that you can find on the top of the receipt that you received when you sent the application for your stay permit.

IRO will continue to support students and researchers who have to renew their Stay permits with an online procedure which will avoid personal contacts. People are invited to write an email to iro@santannapisa.it and will be contacted to start the procedure that will be totally completed by email.

IRO and the Infosalute Task Force (together with the students secretariat, PhD Unit and Placement Office) assisted all the students that were abroad for a study/research period. It assisted both people trying to come back to Italy and people who decided to stay abroad (concerning travel, health insurance etc...)

This was possible with a strong support of the CRUI and the Ministry of Foreign Affairs.

How will ‘travel in Italy’ and ‘coming from abroad to Italy’ change from the 3rd of June?

1. From the 3rd of June, people will be allowed to travel freely in Italy (from and to any Italian region) and to come to Italy from the following States without need of self isolation or to present a self-certification form:

   **Member States of the European Union** (besides Italy, the following are EU Member States: Austria, Belgium, Bulgaria, Cyprus, Croatia, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden and the Czech Republic)

   **States party to the Schengen Agreement** (non-EU States party to the Schengen Agreement are: Iceland, Liechtenstein, Norway, Switzerland); United Kingdom of Great Britain and Northern Ireland; Andorra, Principality of Monaco; Republic of San Marino and Vatican City State.

2. From the 3rd of June, persons travelling to Italy from these countries will no longer be required to self-isolate under the supervision of the health authorities for 14 days, unless they have stayed in other Countries during a 14-day period prior to entering Italy.
For example, persons travelling to Italy from France on June 14 will be required to self-isolate only if they travelled to France from the United States, for example, on June 4; however, they will not be required to self-isolate if they travelled to France from the United States prior to May 30, or if they stayed in Germany between May 31 and June 13. Between June 3 and 15, the same rules applying until June 2 to travel to from abroad shall continue to apply to travel to and from States other than those listed above.

3. **From 3 June, persons travelling to Italy from States other than those listed above will be required to self-isolate under the supervision of the health authorities for 14 days, and to fill in the self-certification form before their departure:**
   
   Self-certification form available here:
   
   [https://www.esteri.it/mae/resource/doc/2020/06/modulo_rientro_da_estero_3giu20_giugno_03.pdf](https://www.esteri.it/mae/resource/doc/2020/06/modulo_rientro_da_estero_3giu20_giugno_03.pdf)

   The provisions currently in force in each country are different, please check regularly the webpage the CRUI created to collect all information from the Italian Diplomatic Representatives all over the world if you are planning to travel abroad: [https://www.crui.it/covid-19.html](https://www.crui.it/covid-19.html)

   Moreover you can check the following website to have a dossier for each country in the world:

   And the following page:
   

   For any doubt please check also the FAQ section:
   

**Erasmus+ Mobility**

The Commission will continue to adapt its response to this unprecedented situation as it evolves, clarifying and simplifying the application or rules and procedures where necessary in cooperation with Erasmus+ National Agencies and the Education, Audiovisual and Culture Executive Agency (EACEA).

Please visit this section about the Coronavirus Impact on the Erasmus+ Programme and European Solidarity Corps.

Thanks to the flexibility applied to the management of the Erasmus + Mobility the Scuola Superiore Sant’Anna could extend the duration of the Mobility programmes (Erasmus KA 103 and KA 107 Student/Staff Mobility and Erasmus+ Mobility Consortium Mobility) that would end in 2020 and this allows the Scuola to use the presents fund up to the new deadline without loosing them.
