

## INTERNATIONAL RELATIONS

### COMUNICATIONS FROM THE ITALIAN MINISTERS

As stated by The Italian Minister of Domestic affairs, **stay permits will remain valid until 31 August 2020**: their renewal should be requested after this date. (art. 103 comma 2-*quater*) L. 27/2020.

Taking into account that one can enter in Italy only a short list of proven motivations, those who are abroad and have their stay permits expired **do not have to ask for a re-entry visa** but they are strongly suggested to take direct flights to Italy.

Immigration documents releases are blocked and the Questura of Pisa is contacting people who should have their fingerprints appointment in March, April and May by sms, postponing their date.

Those who have not received messages regarding this information can find the new date of appointment visiting the web site Portale Immigrazione': [www.portaleimmigrazione.it](http://www.portaleimmigrazione.it): in the bottom of the page on the left you have to go through the 'Area riservata stranieri', then insert in the field **Nome Utente [U]** and **Password [P]** the numbers that you can find on the top of the receipt that you received when you sent the application for your stay permit.

### INTERNATIONAL RELATIONS OFFICE – SUPPORT

IRO will continue to support students and researchers who have to renew their Stay permits with an online procedure which will avoid personal contacts. People are invited to write an email to [iro@santannapisa.it](mailto:iro@santannapisa.it) and will be contacted to start the procedure that will be totally completed by email.

IRO and the Infosalute Task Force (together with the students secretariat, PhD Unit and Placement Office) assisted all the students that were abroad for a study/research period. It assisted both people trying to come back to Italy and people who decided to stay abroad (concerning travel, health insurance etc...) This was possible with a strong support of the CRUI and the Ministry of Foreign Affairs.

### Information for people travelling back to Italy

The provisions currently in force allow the return to Italy, if it is an absolute necessity.

### Erasmus+ Mobility

The Commission will continue to adapt its response to this unprecedented situation as it evolves, clarifying and simplifying the application or rules and procedures where necessary in cooperation with Erasmus+ National Agencies and the Education, Audiovisual and Culture Executive Agency (EACEA).

Please visit this section about the Coronavirus Impact on the Erasmus+ Programme and European Solidarity Corps.

Thanks to the flexibility applied to the management of the Erasmus + Mobility the Scuola Superiore Sant'Anna could extend the duration of the Mobility programmes (Erasmus KA 103 and KA 107 Student/Staff Mobility and Erasmus+ Mobility Consortium Mobility) that would end in 2020 and this allows the Scuola to use the presents fund up to the new deadline without losing them.
